AIMING HIGH IN STUDENT LIFE

School

Monday

Computer gets even on Monday!

English is soooo exciting.

Ms. Stone wants 100 copies of the history test?! Today?!

Tuesday

Two days down, three more to go!

Wednesday

It's only Hump Day and she's already thinking of the weekend.

No! Intent does not mean a place where campers go when it rains.

Daze

Thursday

Thursday? Already? But, I haven't even got a date yet.

But, Michael, I don't think a pig has a gizzard.

Some students will do anything to get out of class.

Friday

I live for the weekends!

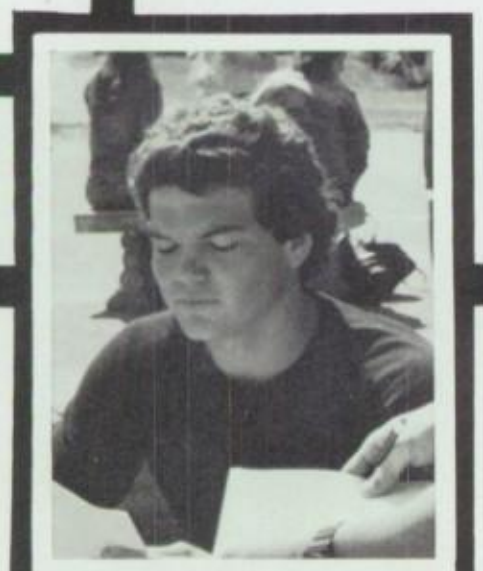
Cafeteria Food?

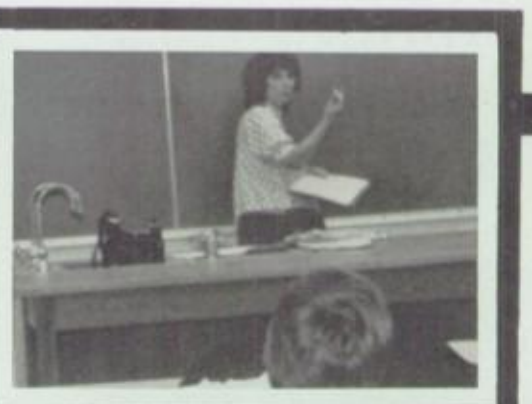
Lunch Menu

Item	Price
Corndog	55¢
Hotdog	55¢
Pizza	65¢
Tacos (2)	$1.00
Hamburger	80¢
Cheeseburger	90¢
Fried Chicken	75¢

It is not surprising to find many students complaining about the quality of food served to them in the lunchroom. Is it food or is it not? That is the question.

cram (kram), To stuff, to crowd in.





Have you ever taken a test you didn't study for? Everybody knows that when Mrs. Stone or Mrs. Hall gives a test—hundreds are cramming at break. If you don't cram, you might miss the one question that will pass you—so CRAM!

DATING

What?! Will I go out with you? But, Alex, I have a boyfriend.

Please, please, don't let me cut myself! Oh, I hope I didn't overdo it.

Can you see my I.D.? But, this movie is rated PG!

Yes, Bob, you have to feed her too.

Go out? But, I thought we were staying home tonight.

Well, I know we seen ya'll at 8:30, but where have ya been since then? It's 11:00.

Oh Lamont! You mean you forgot to wind Mickey again!

Shhh! Your daddy is going to kill me!

The REFLECTOR Staff truly followed our theme in Aiming High in '85. We aimed high in bringing new ideas to your yearbook. We have worked diligently for all of you to produce what we hope is a memorable reminder of the 1984-85 school year. Without the support of the student body and advertising sponsors the staff would have nothing for which to aim.

With all of us, setting our goals a little higher in order to attain them, usually produces its own rewards. This yearbook, your REFLECTOR, is our reward.

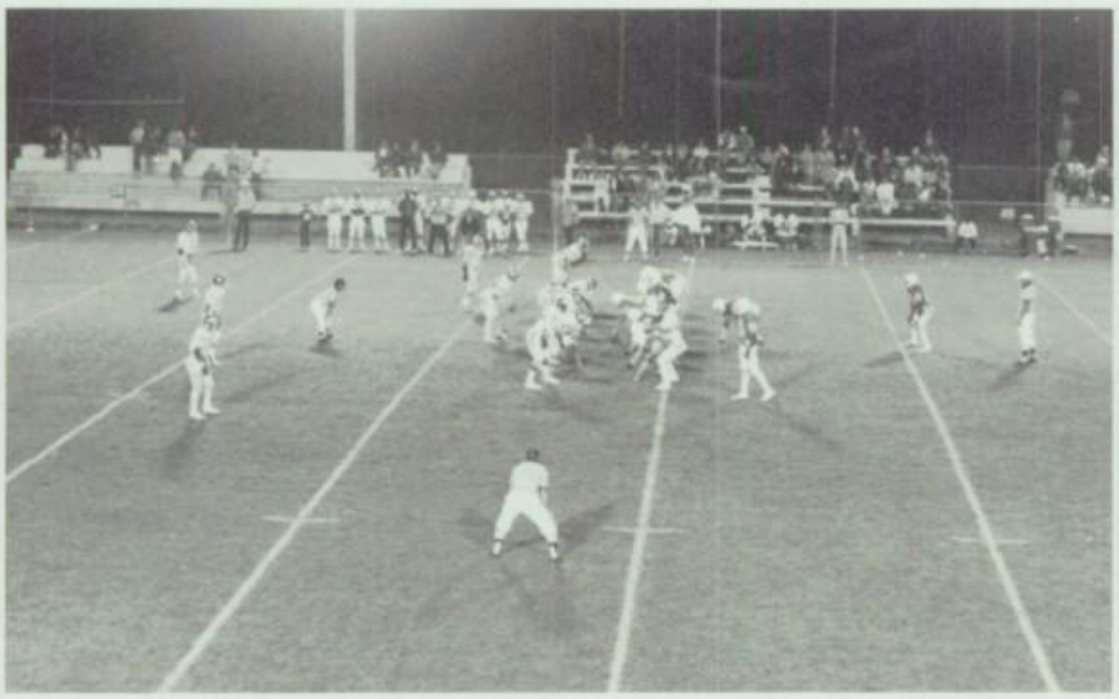
What a year! A large part of our life at school is sports. And where would we be as far as sports is concerned without our coaches?

The Golden Eagles' staff was completely new this year with the exception of Coach Day, who has been at EWHS as long as the Senior Class. Coaches Lombardo, Maloy, and Tittle did a great job with the football team. The season wasn't spectacular; we didn't win state champs, but it was an experience for players, coaches, and fans.

Each coach did an outstanding job in his respective field. In the year 2005, when we all return and reminisce over this great year, the coaches and sports program will definitely be one of our fond memories.



COACH LOMBARDO

Coach Paul Lombardo was the new football coach and athletic director. He was an energetic and an innovative coach. During his stay at EW the locker rooms were carpeted and the interior of the gym got a small facelift.

Coach Lombardo left EW for another coaching position of Pensacola High School. This left Coach McMillion filling the position for the remainder of the year.

Varsity Cheerleaders attended the annual cheerleader clinic at Auburn University. They practiced long hours to get in shape for the clinic. They were against some very tough competition; but, they brought the Spirit Stick home. The cheerleaders did a spectacular job at the clinic and at all the games. They deserve some cheers themselves for their cheering, enthusiasm, and SPIRIT.

Under his direction the Eagles won or tied for the Escambia River Conference title seven times. He led the team to district and regional titles in '80 and '81. Coach Day also reached the ultimate coach's goal—the State Championship in 1982. Culminating the 1985 season, Coach Day was voted 1-A Coach of the Year.

The 1985 Baseball team had a great season ending with a 15-5 record. This included their winning the Escambia River Conference title. Three team members represented Ernest Ward in the NEWS-JOURNAL'S 1985 Spring Sports Honor Roll. Those recognized for their performance were Alex Amerson, Russ Black, and Joey McCall. Both students and fans at E.W. couldn't be any prouder of their baseball team and its coach.

Tradition. Throughout our Senior year and all our years in high school, we were the class that left a long line of broken, abused, and battered traditions in our wake. The words, "You can't do that; it's not traditional", never meant anything to us. The one big Senior tradition we did keep was the Senior Run-Thru Sign at homecoming.

Seniors worked all homecoming week to make our sign the best ever. It was the best sign we had ever done for any occasion. Nearly every member of the Senior class came up with brilliant ideas for the sign. If their genius was not used in design, it was used in art work.

Every Senior was proud of that run-thru sign. Each one of us had put time and energy into the sign only to have Mother Nature get her revenge on us. Rain and wind almost decimated the sign as it was being hung. We know now that we were being punished for all the future times we would say, "I'm a SENIOR; I don't have to," and "Hey brat, out of my way, I'm a Senior."

The football players did have a run-thru sign, even though it looked as if it had been run through before.

HALL OF FAME

It did not seem fair that one girl and one boy be honored as the most intelligent. There are many great intellects in every Senior class. Senior Hall of Fame was created last year to replace the category of Most Intellectual in Seniors' Who's Who. To be included, one must have a grade point average of at least 3.5.

Above: Robin Spence, Monica Wilson, Melody Ward, Vanessa Hollingsworth, and Melinda Ward have grade point averages of 4.0 or above.

Below: Shannon Hall, Pam Hall, Rhonda Hassebrock, and Daphne Lassitter have grade point averages of 3.5 or above.

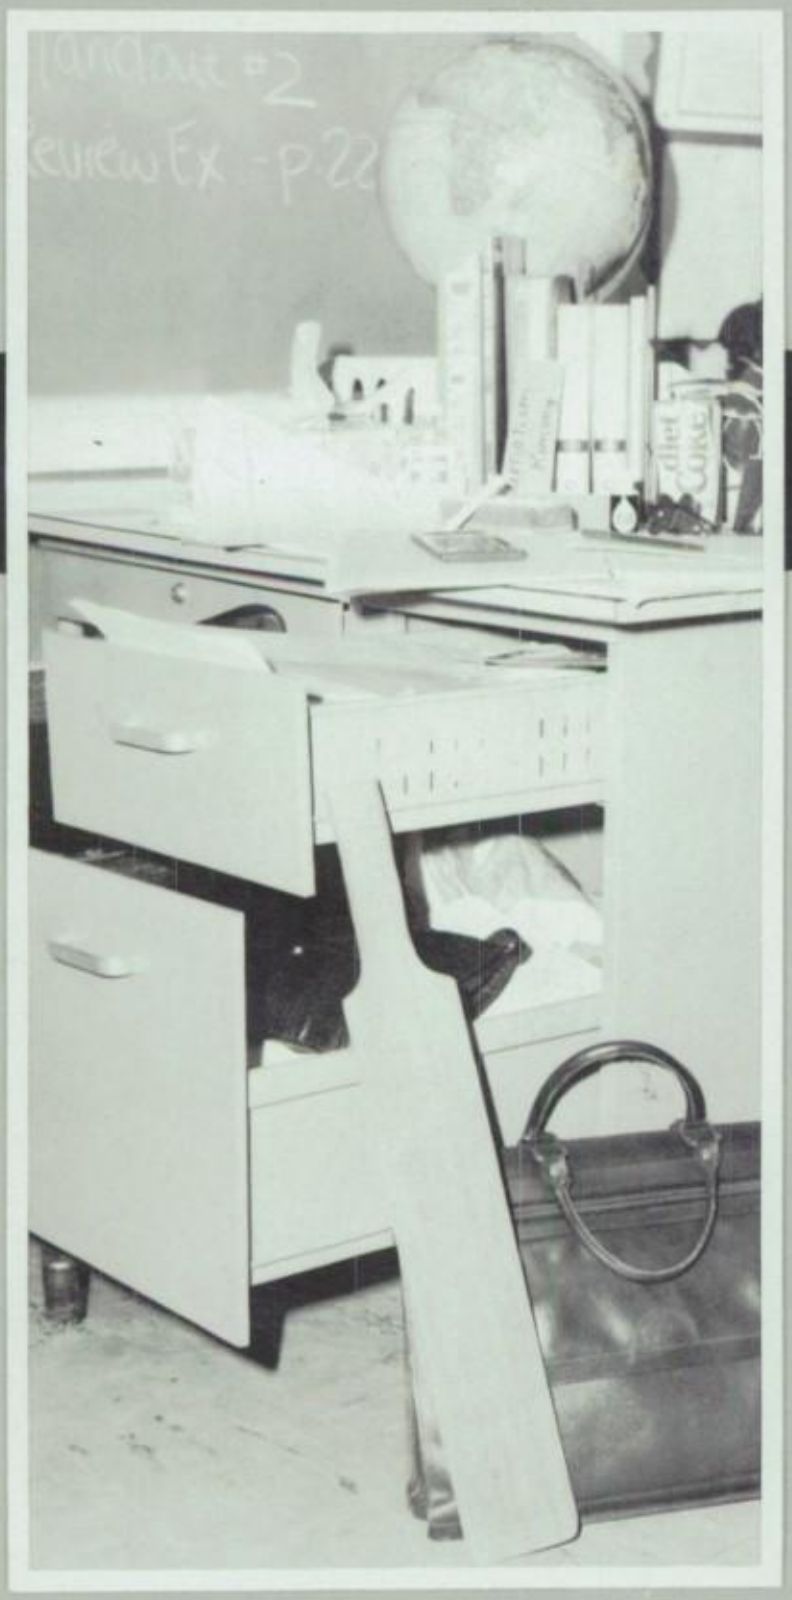
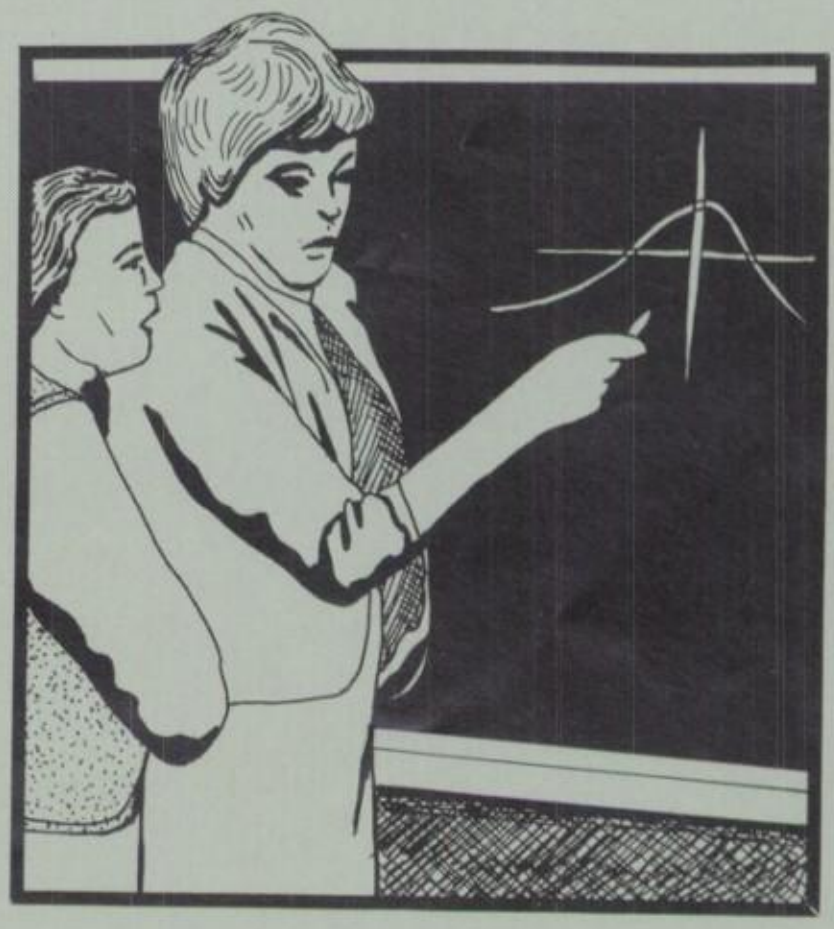
AIMING HIGH IN ADMINISTRATION





H.E. Pettis, Principal

As President Woodrow Wilson once observed, "An education does not give you the answers; it tells you how to find the answers." Our goal at Ernest Ward School is to assist you in finding the answers; we even hope that most of the time they will be the "right" answers.

One of the answers that I wish for you to discover is that a mature person faces the challenges ahead of him without making excuses or alibies for the past. Rather, he meets the future with renewed vigor and zest for life. I encourage you to dedicate yourselves to living life at its fullest without excuse or alibi.

Best wishes for a wonderful and successful future!

H E Pettis

Mrs. Jean Webb, Assistant Principal

After a seventy-six year journey, Halley's Comet will streak across your horizon next year. Watch for it and emulate its constancy of purpose. Set a course for yourself, take the necessary steps to follow it, leap upon golden opportunities, and meet the challenges that come your way. If you follow this pattern, you will achieve success and happiness, and your life, like Halley's Comet, will leave a lighted path for those who follow in your footsteps.

The 1985 Annual Staff hopes that we have accomplished our goal in capturing the wonderful memories which have taken place here at Ernest Ward. Our sincere thanks go to Mr. and Mrs. Al Plash, Mr. and Mrs. Bill Corman, Mr. and Mrs. David Swift, and Mr. and Mrs. Lewis Shaver for allowing us to use their homes for taking pictures. We would also like to give a big thanks to our sponsor, Mrs. Kimsey, the faculty and administration, and of course, the students of Ernest Ward for making this yearbook possible.

It has been a great pleasure to the entire staff in having the opportunity to organize and put together this 1985 REFLECTOR. We appreciate everyone who had the patience to stand by us and offer much needed support.

In closing, we hope our theme, "Aiming High In '85", will motivate each and everyone to always strive to be the very best that you can be. Again, we say "thanks".

Sincerely yours,

Pam Hall
